IRC

- Great place for asking questions, making friends, and general chat
- Fun multiplayer Games such as Werewolf, Uno, Countdown and Cards against Humanity
- 2 IRC clients used on Redbrick:
 - IRSSI (The Default) - A simple, easy to use client.
 - Weechat (The Good One) - run `~edu/compileweechat` and it'll walk you through building and installing.
- Find in `#helpdesk` you've any problems!

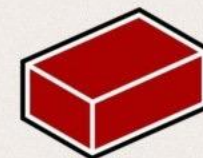

Web Space

- A personal website - redbrick.dcu.ie/~username
- Upload to the ~/public_html/ folder on your Redbrick account
- To upload to it use winscp on Windows and rsync/SCP on linux
- Use your redbrick login to access it
- Can Have a custom domain

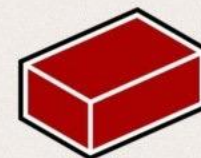

Wiki

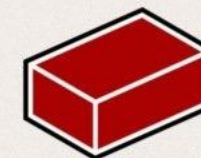

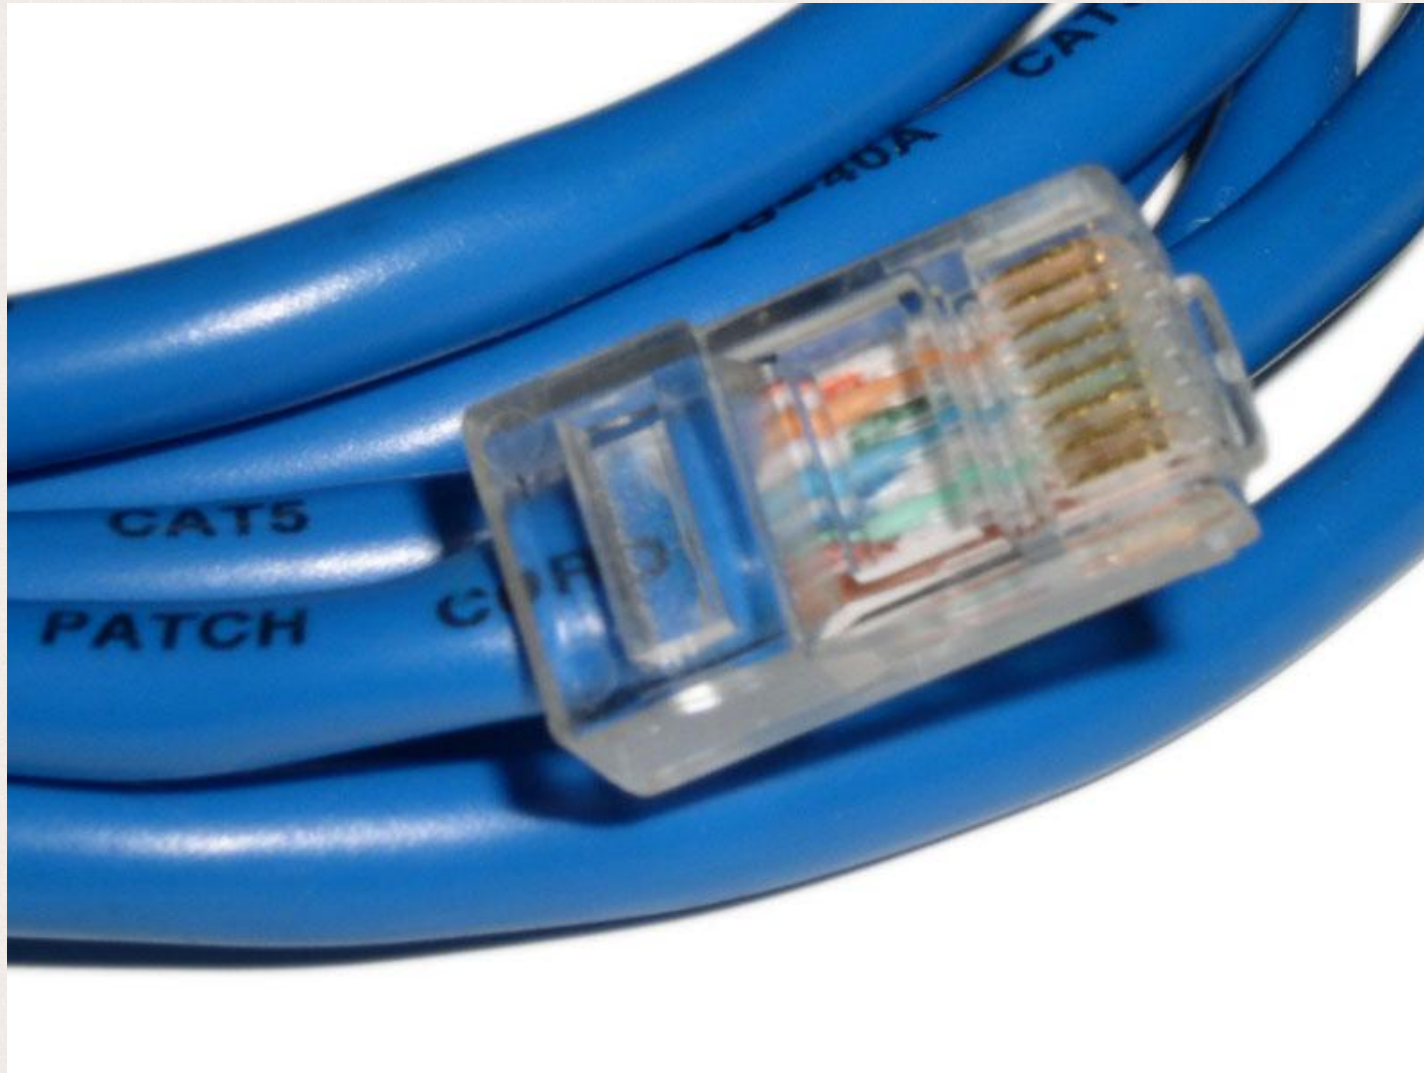

- Come here to learn about all things Redbrick
- wiki.redbrick.dcu.ie
- How to use various Redbrick services
- Linux usage
- DCU Proxy/Port Forwarding
- Redbrick History
 - In-jokes
 - Previous Committees
 - Current hardware

Common Room

- Redbrick & Engineering Society
- Room N109 (Access via Engineering or Physics)
- Sink, fridge, hot water, microwave
- Tables and chairs for work and eating and couches for relaxing between lectures
- Ask socks, butlerx or pints for a key
- Break any rules and your key will be confiscated (Rules in N109)
- **Clean up after yourself!**
